

Authorized Visitor List

Inside visits will begin once we receive the authorized visitor list specifying which five (5) individuals (with a total of 5 even for married couples) are authorized to visit your loved one, this list is determined by the resident, their legal guardian, or legal representative.

The five-person limit has been established by the Department of Health and Senior Services to limit the possible exposure of residents (and the entire facility) to COVID-19. At the same time, we recognize that residents need and want to see as many family and friends as possible. Therefore, we will be allowing the list to change monthly. The list for each month will run from the first day of the month until the last day of the month, then the next month will become effective. If no new list is submitted for the next month, the previous month's list will remain in place until such time as the new list is received. If the next month's list is received the middle of the month, it still is only valid until the end of that month.

This list will remain on file at The Baptist Home and will be utilized for visits while under COVID restriction.
