

The Baptist Home of Ashland

Directions To Campus

5751 Baptist Home Ave., Ashland MO 65010-9570

Slow and Safe Route – especially when traveling north.

This route avoids a left hand turn across traffic on Hwy 63. Hwy 63 is a dual lane divided highway, has a speed limit of 70 mph, and has heavy traffic during rush hours.

Exit Hwy 63 at the Ashland Exit Overpass (M & Y) and follow the route marked yellow. It will take you through town, past the high school, and then through the country at 35 mph.

Fast Route – especially when traveling south on Hwy 63.

Traveling **south**, there is no dedicated deceleration lane, so you will need to move to the shoulder to slow down before making a right turn onto New Salem Lane. You will then take an immediate right (north) onto the outer road in front of the New Salem Baptist Church.

If traveling **north** on Hwy 63 and miss the Ashland Exit Overpass, and decide the left turn at New Salem Ln seems too difficult (or you miss it), please travel up to the Airport Exit Overpass (Hwy H), where you can safely come back down Hwy 63 to turn right at New Salem Ln. .
